

RJ45 EASY

pass - through

DATAWAY connectors marked EASY are high-quality shielded RJ45 connectors of category 5E/6/6A/7/7A, which are intended for wire and cable type conductors.

Thanks to their pass-through construction, these connectors are characterized by simple and quick installation.

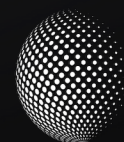

These category 5E connectors can be used to terminate cables with a total conductor diameter of up to 1.1 - 1.5 mm (including PE insulation).

For their installation, we recommend using crimping pliers marked EASY, which will remove the remnants of protruding wires after crimping the connector.

As with all other products, the contacts of these connectors are covered with 50 µm of gold. The connectors are packed in a plastic case of 100 pcs.

Catalog No.	Description	Category	Shield	Wire size (incl. isolation)
DW-CO-RJ45-5E-UTP-EASY	RJ45 CAT5E 8p8c Unshielded EASY for Solid/Stranded Wire	CAT5E	no	1.0 mm
DW-CO-RJ45-5E-FTP-EASY	RJ45 CAT5E 8p8c Shielded EASY for Solid/Stranded Wire	CAT5E	yes	1.0 mm
DW-CO-RJ45-6-FTP-EASY	RJ45 CAT6 8p8c Shielded EASY for Solid/Stranded Wire	CAT6	yes	1.1 mm
DW-CO-RJ45-6A-FTP-EASY	RJ45 CAT6/6A 8p8c Shielded EASY for Solid/Stranded Wire	CAT6 , CAT6A	yes	1.2 mm
DW-CO-RJ45-6A-FTP-industrial-EASY	RJ45 CAT6A/7/7A 8p8c Shielded EASY for Solid/Stranded Wire	CAT6A , CAT7 , CAT7A	yes	1.5 mm
